Board

Pursuant to the Articles of Association, the Board must consist of no less than three and no more than thirteen Directors, as well as no more than four deputies. Since the 2015 AGM, the Board has consisted of eleven members and no deputies. The percentage of women on the Board, calculated on non-executive Directors, is 40. A more detailed presentation of the Board is found in the adjacent table, on page 38 and on the website.

New Board members are introduced to Investor's business operations by attending an introduction orientation involving, for example, meetings with department managers. Board members are continuously updated on new regulations, practices and statutory requirements that may affect the business.

The composition of Investor's Board meets the requirements concerning the independence of Directors. Several of the Board members are Directors of Investor's holdings and they receive remuneration from these companies. This consideration is not considered to entail a dependence of these members on Investor or its Management. Investor is an industrial holding company and works actively through the Boards of its holdings to identify and drive value-creating initiatives. The work of the Board of Directors in Investor's holdings is the core of Investor's active ownership model. For Investor, where a fundamental component is to have

the right Board in each company, it is natural that Members of Investor's Board of Directors and Management have Board assignments in Investor's holdings. The assessment of each Board member's independence is presented in the table below.

The Chairman of the Board, Jacob Wallenberg, is in addition to his active involvement in Investor also involved in a number of other companies and serves on a number of international organizations. He has an extensive international network and he participates in various policy forums.

Evaluation of the Board and CEO

Pursuant to the Rules of Procedure, the Chairman of the Board initiates an annual evaluation of the performance of the Board. The objective of the evaluation is to provide insight into the Board members' opinions about the performance of the Board and identify measures that could make the work of the Board more effective. A secondary objective is to form an overview of the areas the Board believes should be afforded greater scope and where additional expertise might be needed within the Board.

The 2015 evaluation was answered by each Board member. In addition, the Chairman met with each Board member separately to discuss the work done by the Board during the year. The Board discussed the results of this year's evaluation and the Chairman of the Board presented them to the Nomination Committee.

Investor's Board continuously evaluates the performance of the President by monitoring the development of the business in relation to the established objectives. A formal performance review is carried out once a year.

1) Member of Knut and Alice Wallenberg Foundation.

2) In conjunction with taking over as the Chairman of Mölnlycke Health Care 2007 (which was prior to joining the Board in Investor), Gunnar Brock acquired shares (ordinary and preferred) in Mölnlycke Health Care as part of the stock investment program for the Board and senior executives of that company. A part of this holding was reinvested in connection with the new program set in place during 2014 and the remainder was exited. However, it has been concluded that this does not make Gunnar Brock dependent on Investor or its Management.
