Press Release

Stockholm, December 1, 2003

Financial reporting dates in 2004

New date for Investor AB's Year-End Report for 2003

Please note that Investor AB's Year-End Report for 2003 will be released on January 20, 2004 instead of the previously reported date of January 22.

Financial Reports in 2004

Due to accounting regulations, Investor's associated companies are to be reported in accordance with the equity method in the consolidated income statement and balance sheet as of 2004. As a consequence, Investor must wait for the interim reports of associated companies before it can prepare its own formal interim report. However, for the purpose of providing financial information to the market as quickly as possible, Investor will first prepare a net asset value report based on the acquisition value method and then release its formal interim report at a later date. Press and analyst meetings will be held in conjunction with net asset value reports but not in conjunction with the release of the formal interim reports.

	Net Asset Value Reports	Formal Interim Reports
January – March 2004	April 19	May 28
January – June 2004	July 12	August 27
January – September 2004	October 12	November 26
